Comments:

This beautiful chestnut Jose' daughter is a great mover and comes from a great mare line. This filly's dam is a sister to IWANTALLTHEBUCKS and Madam Mega Cash. Her mare line traces back to one of the greatest producing mares Sun's June Bride. The Jose' X Silver Dollar cross currently has a 55% show ring success rate for all offspring old enough to ride. Notable horses bred like this are Jose's Star Attraction, Freako Chico, Eli's Jose, The New York Giant, Colt Ford and Don't Break My Heart among many others. This filly has the walk and shake to make a top prospect in any division.
