## Comments:

This good looking son of Jose' Jose' is out of an O.M.G. mare. O.M.G. was a top show horse having a huge career showing mainly in Alabama with many top Celebration ties. This colts dam line produced top show horse Armani Gold. This colt is suitable for all divisions but he has that build that most of the Flat Shod participants like in a Jose'. We see the smaller more compact Jose's excelling in the flat shod divisions and this colt fits that bill well. Just like his name says when you see him you'll WANT him.
