Foaling Date 5/27/2013 State Foaled TN**

Comments:

This beautiful filly is already a World Champion having won as a weanling in 2013. She is out of the same dam as 2013 World Grand Champion Yearling Adorable Diamond. She is the 2nd foal out of her dam and between the 2 daughters of Jose's Starlette they have won A National Futurity Championship, 3 World Championships and 1 World Grand Championship. The lined bred Jose' influence is something just coming to the forefront and Lined bred Generators were also successful in the past. If you feel you need her make sure you bid. This filly could easily be "Gone With The Wind" before you know it.
