Comments:

This impressive Titleist son is out of the same dam as Res. World Champion Two Year old stallion Major General's Ritz. This colt has been impressive since the day he was born. Some just have that look. The Titleist crossed on Gen.'s Major General mares have produced a 60% show ring success rate. Other notable horses bred like this stud are Res. World Champion I'm A Title One, A Major Title, Major Titleist, Maypines Barack, and A War Horse. Gen.'s Major General mares are top producers and have foaled notable show horses such as WGC Prime Country, WC The New York Yankee, WC Muchos Colores, and I'm A Proud American. Got a feeling this one could easily become famous.
